Notes

*: School results are calculated using non-scientific survey data. Numbers of students responding to question are adjusted to enrollment data.
 +: Region and state results are calculated and weighted using the CDC scientific survey sample. Caution should be used when comparing the school results.
 s: To protect confidentiality the data have been suppressed. Cells are suppressed when the denominator is less than 50 students or the numerator is between 1 and 4 students for sex and grade. Numerators that are zero not not suppressed.

How the question was actually asked: Have you ever seen or heard adults in your home slap, hit, kick, punch, or hurt each other?

a: Yes; b: No;

Numerator: a; denominator: ab;
